Don't forget to fill out reverse side!!

The Directory: Guide to Building Industry Consultants and Resources

The Guide to Building Industry Consultants and Resources contains a “Directory of Building Industry Consultants and Resources” for the architectural and building community and home owners. It contains information on architects, consultants, contractors, manufacturers, and suppliers, as well as on local showrooms, galleries, and artisans in northern New England. The book also has a complete listing of AIANH member firms, members, and Affiliate members. The book is an easy reference tool for finding consultants and businesses in and around New Hampshire that provide services for the built environment. **The information in this book also appears on our Web site, www.aianh.org, under “Guide to Consultants & Resources,” at no additional cost.**

Listings include company name, contact, mail address, phone, fax, email and web site addresses, and category designation. A basic listing is free for AIANH regular and Affiliate members. You can sign up for one category with your membership. Additional categories are \$20 each.

DIRECTORY LISTINGS: Please check ONE category for your Basic Listing, and one category for each additional category listing (\$20 each).
